Finish the Project Top

Step 5: Sew the side inner borders to the sides of the quilt center. Press toward the borders. Sew the top and bottom inner borders to the quilt center. Press toward the borders.

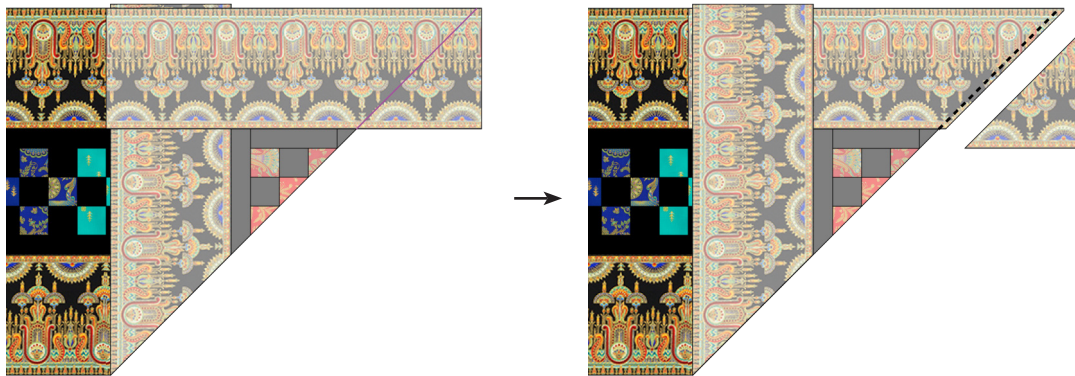

Step 6: Note: Be sure the border strips are oriented properly before attaching them. Center and sew the side outer borders to the sides of the quilt center, starting, stopping, and backstitching 1/4" from each corner of the quilt center. Press toward the borders.

Step 7: Center and sew the top and bottom outer borders to the quilt center, starting, stopping, and backstitching 1/4" from each corner of the quilt center. Press toward the borders. *The top and bottom seams should end at the same point in each corner as the side seams.*

Step 8: Fold the project diagonally and match the border strips that will meet at the corner of the quilt. Use a ruler to mark a line starting at the intersection of two of the seams you made in Step 6 and crossing the border strip at a 45° angle. Pin the border strips together if needed, then sew on the marked line, backstitching at the beginning and end of your seam. Trim the excess fabric 1/4" away from the sewn seam, then press. Repeat for each corner of the project.

Your project top is complete! Baste, quilt, bind, and enjoy!
