Notes Before You Begin

- Read through all of the instructions before beginning.
- All of the seam allowances are 1/4" unless otherwise noted.
- Press seam allowances open unless otherwise noted.
- Width of fabric (WOF) is equal to at least 42" wide.
- Right sides together has been abbreviated to RST.
- Remember to measure twice and cut once!

Cutting Instructions

From each of the charm squares, cut:

five 1" x 5" strips

From Fabric A, cut:

twenty-seven 1-1/2" x WOF strips. Subcut:

two hundred nine 1-1/2" x 5" rectangles

ten 1-1/2" x WOF strips. Set aside for the row sashings.

one 8" x WOF strip. Set aside for the top border.

one 5-1/2" x WOF strip. Set aside for the top border.

two 16" x 72" strips along the length of the fabric. Set aside for the side borders.

From the Binding Fabric, cut:

two 5" squares, then cut as you did with the Charm Pack squares.

seven 2-1/2" x WOF strips

Piece the Units

Refer to the Assembly Diagrams for quilt layouts.

Step 1: Organize your colored strips in the order you want them to appear in the quilt.

Step 2: Pair one colored 1" × 5" strip with one 1½" × 5" strip of background fabric. With right sides together, sew the pieces together along one 5" edge.

Step 3: Open and press seam toward the colored strip.

Step 4: Pair another colored strip right sides together with the pieced background fabric strip and sew along the 5" edge. Continue sewing strips together, alternating colored strips with background strips until you have one row with 20 colored strips and 19 background fabric strips. Each row begins and ends with a colored strip.

Create eleven rows.

Step 5: Press all seam allowances toward the colored strips.

Assemble the Quilt

Step 6: Place one strip of sashing along the bottom edge of the first pieced row. With right sides together, stitch the sashing strip to the bottom edge of the first pieced row. Trim off the excess sashing.

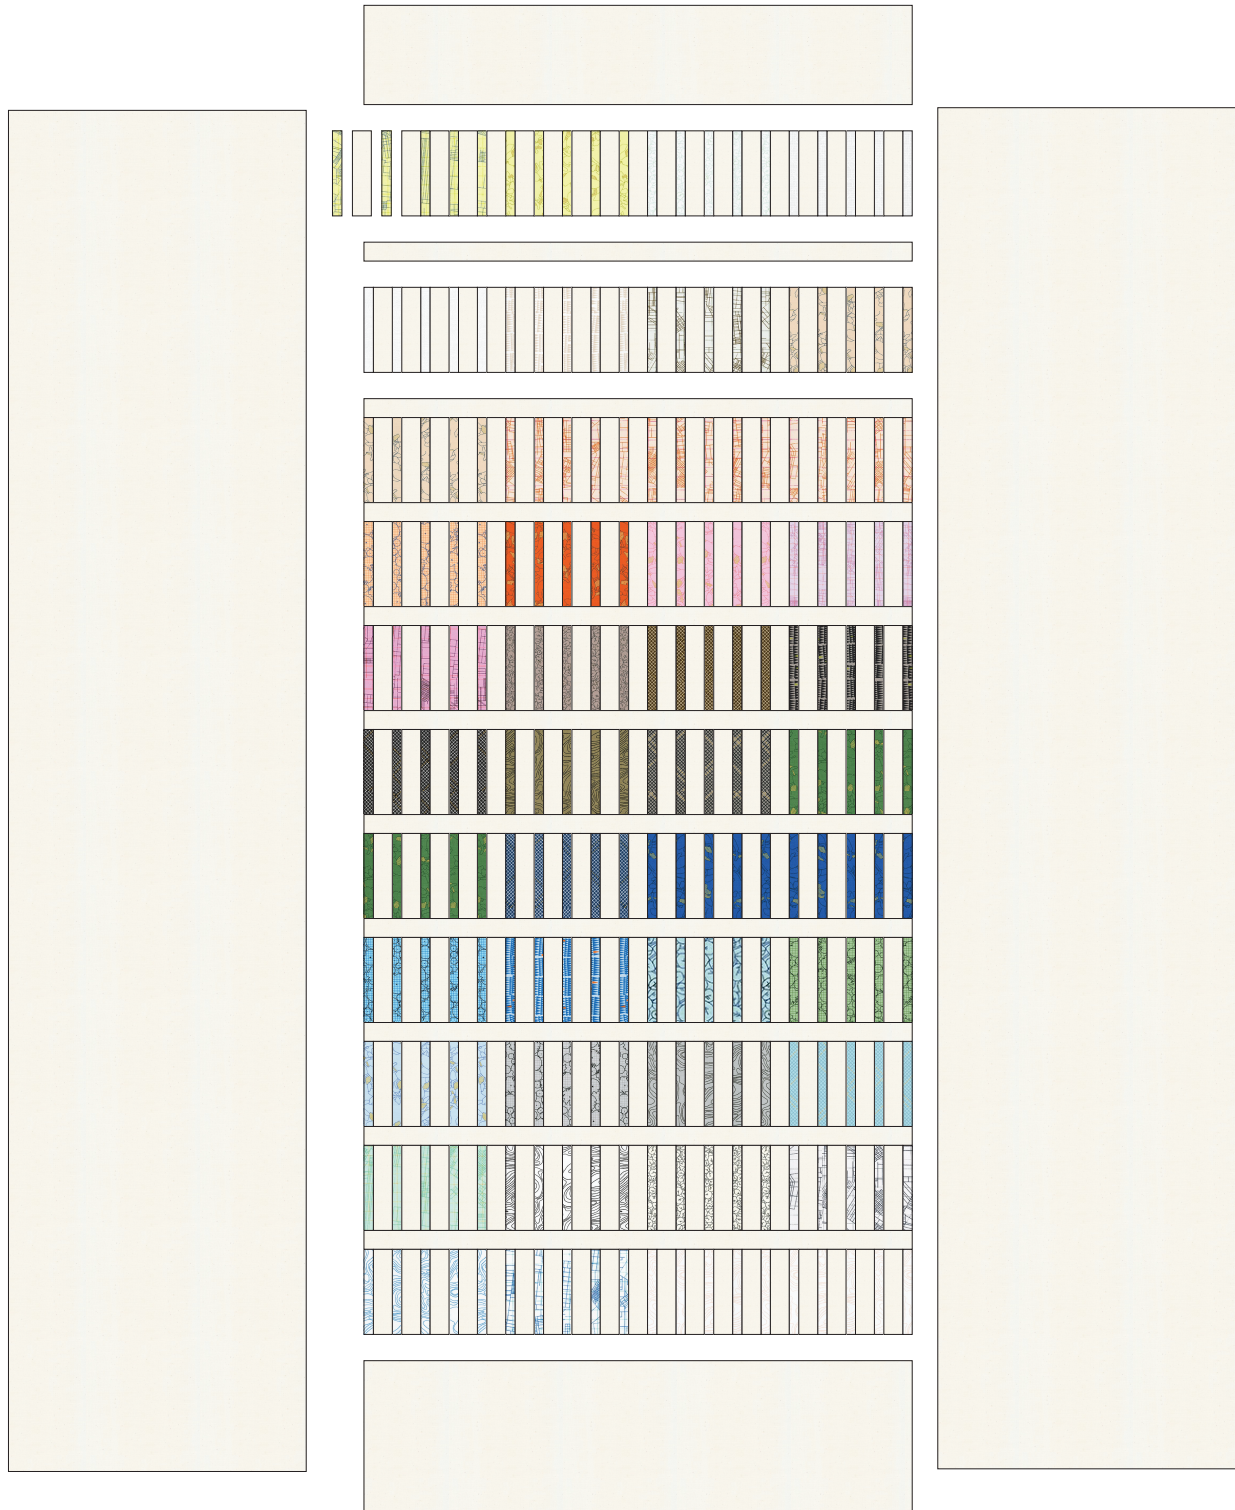

Step 7: Sew the next pieced row onto the bottom edge of the sashing.

Step 8: Continue adding sashing to the bottom of each pieced row. Do not put sashing on the lower edge of the last pieced row.

Step 9: Sew the top border to the top edge of the first pieced row. Sew the bottom border to lower edge of the last pieced row.

Step 10: Sew the side borders along the entire length of each side of the quilt.

Prepare for Quilting

Step 11: If piecing the backing, sew the two backing pieces together along the long edge to make a finished piece the same size as the finished quilt top. Remove the selvages. Pin the two pieces together along the long side and stitch. Press the seam open. Trim to correct size. If using 108" wide fabric there is no need to piece the backing.
