## Cutting Instructions

Once the $21 / 2^{\prime \prime}$ strips are cut, fold them right sides together, then lay the template out on top of the strip. (Figure 1)

Figure 1

Note: When an odd number of B pieces are indicated, cut the next even number up. (For example: If the chart says you need 9 Bs, cut 10.) That way you will be sure to have pieces that point the correct direction.

## Sewing Instructions

Step 1: Refer to the photograph of the quilt and the Quilt Assembly Diagram to lay out the A, $\mathrm{B}, \mathrm{C}$ fabrics in horizontal rows.

Step 2: In each row, alternate the stitching direction from top to bottom, then bottom to top, to keep the pieces from pulling in one direction.

Step 3: Join the pieces in Row 1. (Figure 3) Press seams open.

Figure 3
Step 4: Once each strip is pieced and pressed, trim them to 6 " in width. (Figure 4)

Figure 4
Step 5: Join Row 1 to Row 2, etc. Press after each seam.
Pinning while sewing these seams together will improve accuracy.
Step 6: Layer and quilt, then bind the quilt.
An overall pattern was chosen for the quilting.
