Sort the Cut Pieces

This quilt top is made of four quadrants, each measuring 30" x 35" finished (without seam allowance). Each quadrant is made using the same set of pieces A - H, but the placement of the fabrics will be slightly different from quadrant to quadrant. Refer to the chart below to sort the cut pieces into four groups, based on which cut pieces/fabrics will be used in each quadrant.

Making the Upper-Left & Upper-Right Quadrants

Repeat the following instructions to make both the Upper-Left and Upper-Right Quadrants. Remember that, while the directions and the size of the cut pieces are the same, different fabrics will be used to make each quadrant.

UPPER-LEFT QUADRANT

UPPER-RIGHT QUADRANT

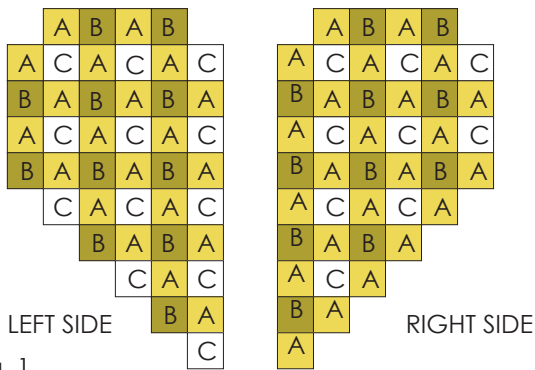

Fig. 1

Step 1: Refer to **Fig. 1** to arrange pieces A, B, and C in two groups (one for the left and one for the right side of the heart shape) each with ten rows of between one and six pieces each. For each side, sew together the pieces in each of the rows, and sew the rows together, matching seams. The resulting Left Side and Right Side panels should measure 12-1/2" wide and 20-1/2" tall, and will be oddly-shaped.

Step 2: Keeping right sides together, refer to **Fig. 2** to align the four pieces D, with the outside edges of the four upper corners of the Left Side and Right Side panels. Mark a diagonal line from corner to corner of each piece D, again referring to **Fig. 2** for the placement of the diagonal lines. Sew along the marked lines, creating diagonal seams. Trim away excess seam allowance and press seams open. Repeat this process with the two pieces E on the outside edges of the lower corners.

Step 3: Sew together the Left Side and Right Side panels, matching seams, to make a block 24-1/2" wide x 20-1/2" tall. Sew pieces F to the left and right sides of the block. Sew piece H to the top, and sew piece G to the bottom to finish the quadrant. At this stage, before it is sewn into the quilt, the quadrant should measure 30-1/2" wide x 35-1/2" tall.

Making the Lower-Left & Lower Right Quadrants

Repeat the following instructions to make both the Lower-Left and Lower-Right Quadrants. Remember that, while the directions and the size of the cut pieces are the same, different fabrics will be used to make each quadrant.

LOWER-LEFT QUADRANT

LOWER-RIGHT QUADRANT

Fig. 4

Step 4: Refer to Steps 1 and 2 on the previous page to make the Left and Right side panels.

Step 5: Sew together the Left Side and Right Side panels, matching seams, to make a block 24-1/2" wide x 20-1/2" tall. Sew pieces F to the left and right sides of the block. Sew piece G to the top, and sew piece H to the bottom to finish the quadrant. At this stage, before it is sewn into the quilt, the quadrant should measure 30-1/2" wide x 35-1/2" tall.

Making the Quilt Top and Finishing the Quilt

Step 1: Arrange the four quadrants in two rows of two. Sew together the quadrants in each row, and sew the rows together to finish the quilt top.

Step 2: From the backing fabric, cut two pieces, each 68" long. Trim away selvages and sew the pieces together along the long sides. Trim finished quilt back to 66" x 78".

Step 3: Sandwich and quilt as desired. From the binding fabric, cut seven 2-1/2" x WOF strips. Sew the strips together and bind as desired.
