Assembly Instructions

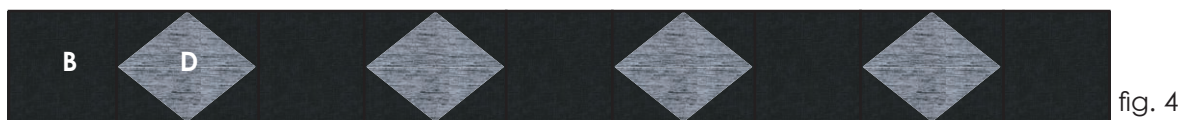

Step One: Paper-piece the Diamond Blocks

Shorten your machine's stitch length to about a 1.5 to paper-piece the Diamond Blocks.

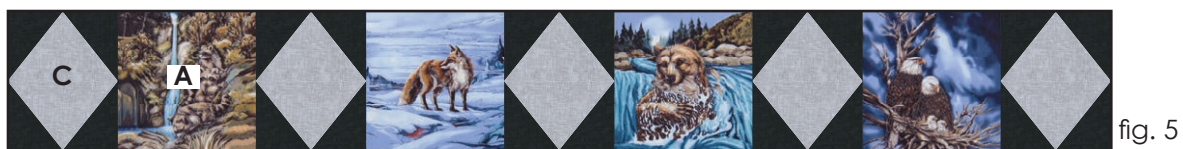

- Place a Fabric C rectangle right side up on the unprinted side of the Diamond Block Template. Pin, or use a dot of glue stick to affix the fabric to the paper.
- Lay a Fabric B triangle right side down so that the long edge is 1/4" over the Section 1 line. Sew along the printed line. Trim the excess fabric, leaving a 1/4" seam allowance (do NOT trim the paper.) (fig. 1).
- Flip triangle and press flat (fig. 2).
- Repeat to sew the other three triangles to the Fabric C rectangle. Trim edge of block (trim paper too), leaving a 1/4" seam allowance. Gently remove the papers. Block will measure 8-1/2" x 10-1/2" (fig. 3).
- Make a total of twenty-five blocks using Fabric C rectangles and a total of twenty-four blocks using Fabric D rectangles.

Step Two: Assemble the Rows

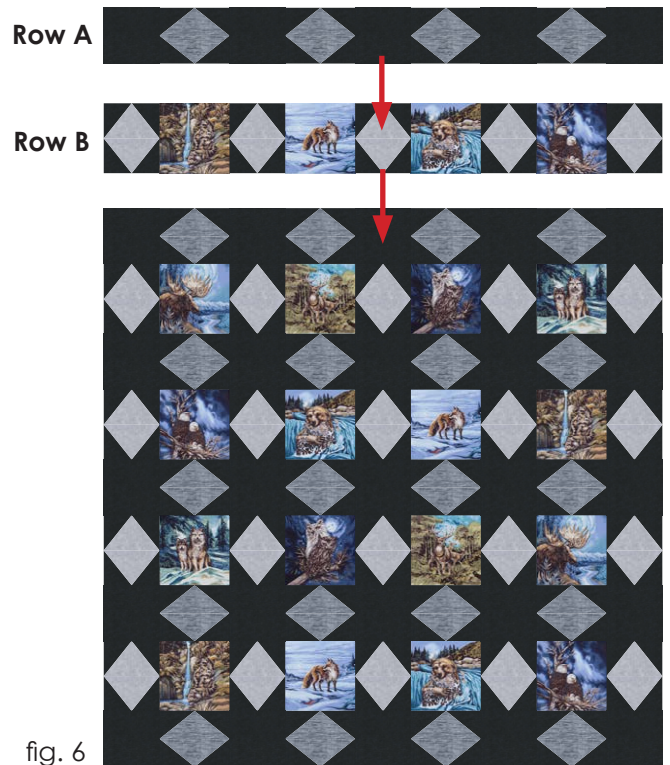

To make Row A: Alternate five Fabric B squares and four Fabric D diamond blocks and sew together to make a row (fig. 4). Press seam allowances toward B. Repeat to make six duplicate rows.

To make Row B: Alternate five Fabric C diamond blocks and four Fabric A squares and sew together to make a row (fig. 5). Press seam allowances toward A. Repeat to make five duplicate rows.

- Sew border strips to the sides of the quilt top and trim excess fabric from the ends.
- Sew border strips to the top and bottom of the quilt top and trim excess fabric from the ends.

Your quilt top is complete! Baste, quilt, bind & enjoy.
