Construction of Courthouse Steps Log Cabin

Although the number of strips and strip width may vary all the blocks are constructed in the same manner.

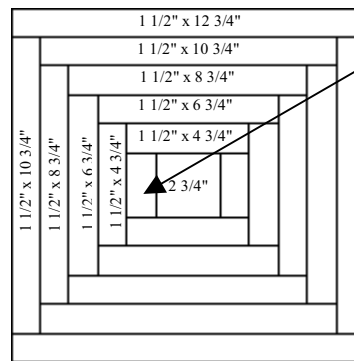

- Starting at the center, the same color will be sewn to each side, and then to top and bottom of the center square.
- Using a different color for each round construct the block as illustrated.

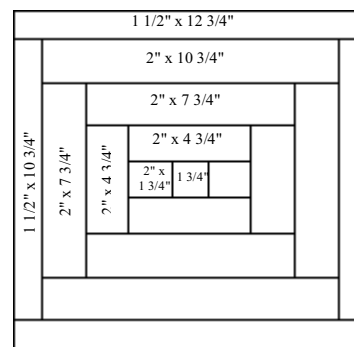

- There are 3 variations of the block. Sew each block as illustrated. Measurements used are cut measurements; actual sewn segments will finish 1/2" smaller. Use color photo for color and strip placement.

Block A (center + 3 rounds)
Make 1 with these measurements, use photo for color placement.

Block B (center + 5 rounds)
Make 4 with these measurements, use photo for color placement.

Block C (center + 4 rounds)
Make 7 with these measurements, use photo for color placement.

Quilt Assembly

Using the color photo, layout blocks to construct the quilt top. There will be 4 rows of 3 blocks each.

Border (measure the quilt body, if measurements are different cut to your measurements)

- Cut 2 of the 3 1/2" x 42" black strips down to measure 3 1/2" x 37 1/4". Sew to the top and bottom of the quilt.
- Cut 1 of the 3 1/2" x 42" black strips in half vertically to make 2 strips 3 1/2" x 21".
- Sew a 3 1/2" x 21" strip to one end of each of the 2 remaining 3 1/2" x 42" black strips.
- Cut the 2 strips down to measure 3 1/2" x 49 1/2", and sew to the side of the quilt.
- Layer, quilt and bind.
