Notes Before You Begin

- Please read through all of the instructions before beginning.
- All of the seam allowances are 1/4" unless otherwise noted.
- Width of fabric (WOF) is equal to at least 42" wide.
- Press all seam allowances open after each seam is sewn, unless otherwise noted.
- Remember to measure twice and cut once!

Printing the Templates

- Print page 7 at 100% and cut the templates out along the seam allowance line.
You will need 16 templates per block (make 32 copies of page 7 for the entire quilt).

Tips for accurate paper-piecing

- Place your fabric on the unprinted side of the template and sew on the printed side.
- You can transfer lines to the opposite side of the paper with a tracing wheel, or by folding and creasing your paper.
- Use a short stitch length (about a 1.5).
- Backstitch in the seam allowance at the beginning and end of each seam.
- Trim seam allowance to 1/4" after each seam and press flat with a dry iron.
This will keep your seams crisp and your paper templates flat.

Cutting Instructions

Fabrics A, B C, D, E and F

- Cut two squares 8-1/2" x 8-1/2" from each fabric.

Fabrics G, H, I, J, K, N

- Cut three strips 5" x WOF from each fabric.
 - Subcut into sixty-four rectangles 2" x 5".

Fabrics L and M

- Cut seven strips 5" x WOF from each fabric.
 - Subcut into ninety-six rectangles 3" x 5".
- Cut three strips 4-1/2" x WOF from each fabric.
 - Subcut into twenty-four squares 4-1/2" x 4-1/2".

Assembly Instructions

Step 1: Paper-Piece the Templates

Fabric L with template underneath.

- Place a 3" x 5" Fabric L rectangle centered over the unprinted side of a template.
- Place a 2" x 5" Fabric N rectangle so that the edge is 1/4" (or slightly more) over the line between space 1 and space 2. Pin.
- Flip template over and sew along the line between space 1 and 2.
- Trim seam allowance to 1/4" and press fabric flat.

Tip: before you sew your fabric, pin and flip it over to make sure it will completely cover the space and extend past the seam allowances.

- Place a 2" x 5" Fabric G square so that the edge is 1/4" (or slightly more) over the line between space 1 and space 3. Pin.
- Flip template over and sew along the line between space 1 and 3.
- Trim seam allowance to 1/4" and press fabric flat.

- Your template should now look like the image on the left.
- Flip so that the paper side is up and using a ruler and rotary cutter trim fabric along the seam allowance line.

- Repeat to make sixteen triangle units for each block (twelve blocks total). Use the diagram on page 5 for fabric placements.

Step 2: Make Blocks

- Sew four Unit 1 triangles long sides together to make a triangle strip.

- Repeat to make four Unit 1 triangle strips.

- Sew a Fabric L square to each short side of two Unit 1 strips.

- Sew triangle strips to the top and bottom of a Fabric B square and then sew longer triangle strips to the left and right sides of the Fabric B square. Finished block measures 16-1/2" x 16-1/2"

- Repeat Step 2 to make twelve blocks. Refer to the assembly diagram on page 6 for fabric placement.

- Sew blocks together into rows and then sew rows together to complete quilt top.

Your quilt top is complete! Baste, quilt, bind, enjoy.
