ROBERT KAUFMAN FABRICS
This quilt started with inspiration from a men’s button down shirt. The quilt took on a life of its own and now it reminds me of the colorful parachutes that I used to play with as a child in gym class.

I have included the specific colors I used for each strip in the original quilt, but feel free to play with the color palette of your choice. Use pre-cuts or cut your own fabric strips from your stash.

Notes Before You Begin

- Please read through all of the instructions before beginning.
- All of the seam allowances are 1/4” unless otherwise noted.
- Press seam allowances open unless otherwise noted.
- Width of fabric (WOF) is equal to at least 42” wide.
- Remember to measure twice and cut once!

Cutting Instructions

- Kona Roll-up strips are used throughout this pattern. Each strip measures 2-1/2” wide and the length is cut as you go. If you would like to precut the strips, you will need:

**Block 1:** Ten strips 2-1/2” x 18-1/2” in a variety of colors.
**Block 2:** Twenty strips 2-1/2” x 20-1/2” in a variety of colors.
**Block 3:** Ten strips 2-1/2” x 24-1/2” in a variety of colors.
**Block 4:** Nine strips 2-1/2” x 40-1/2” in a variety of colors.
**Block 5:** Twenty strips 2-1/2” x 40-1/2” in a variety of colors.
**Block 6:** Twelve strips 2-1/2” x 40-1/2” in a variety of colors.
**Block 7:** Nine strips 2-1/2” x 18-1/2” in variety of colors.
**Block 8:** Twenty strips 2-1/2” x 18-1/2” in a variety of colors.
**Block 9:** Nine strips 2-1/2” x 24-1/2” in a variety of colors.

Tip: Cut the strips 1/2” or more longer than indicated and then trim the block to size after they are sewn together.
Tip: When working with strips, there is a tendency for the fabric to bow and form an arc rather than a straight line. To help avoid this, cut the strips to lengths as directed in each section, then sew the strips together into pairs. Once the pairs are made and pressed, pin the pairs together, sew, press, repeat as needed.

STEP 1
