## SEWING PINWHEELS AND BLOCKS (Refer to photo of quilt as a guide for sewing and assembly.)

Using  $\frac{1}{4}$ " seam allowances, sew triangles together to form square units. Join four square units to make each pinwheel. Finger press seams open to evenly distribute bulk of chenille. This will also allow seams to lay flat.

**Center Blocks:** Sew one baby pinwheel to each end of 8 dot-print rectangles. Sew remaining 8 dot-print rectangles on opposite sides of each large center pinwheel. Join these rows to form center blocks.

## ASSEMBLY

Join center blocks in horizontal rows. Join rows together to finish quilt center. Join six border pinwheels for sides, and eight for top and bottom borders. Add side borders first, then top and bottom borders.

## FINISHING

Layer quilt top with batting and Pink Chenille backing. Quilt as desired and bind with Pink Chenille strips.
