CONSTRUCTION

Make four 16" finished blocks

1. Make half-square triangle units using the (B) and (C) triangles.

Make four **each** of the following combinations: B1/C-1, B-2/C-2, B-2/C-3 and B-1/C-4.

2. Square each unit to measure 6-1/2" x 6-1/2".

3. Make flying geese units using the (D) and (E) pieces.

Make 16 **each** of the following combinations: D-1/E-1, D-2/E-2, D-3/E-3.

To make the units: with right sides together, place a square onto a rectangle.

Stitch across the square diagonally, as shown. **(Diagram 1)**

4. Trim the excess 1/4" beyond the stitching line. Then press the resulting corner triangle. **(Diagram 2)**

5. Place another square onto the unit, again stitching diagonally across the square.

Trim the excess 1/4" beyond the stitching line. Press to complete the unit.

It should measure 2-1/2" x 4-1/2". **(Diagram 3a & 3b)**

6. Sew the flying geese units together, as shown. (Need 16) **(Diagram 4)**
7. Layout all of the units for **each** block. Sew the blocks together in rows, alternating the pressing direction of the seams.
8. Give the blocks a final press. They should measure 16-1/2" x 16-1/2".

ASSEMBLY

1. Sew the blocks together in rows with the short sashing strips.
2. Sew the two rows together with the long sashing strip.
3. Attach the borders in the following order:
 - Inner sides
 - Inner top and bottom
 - Middle sides
 - Middle top and bottom
 - Outer sides
 - Outer top and bottom
4. Layer, baste, quilt and attach binding to complete the quilt.
