## Make the Blocks

Chain piecing the triangles together will speed up construction. Pair one Fabric A Template A piece with one Fabric B-H Template A piece, RST. Sew along one long side. Be sure to always sew the Fabric A piece on the left of the Fabric B-H piece. Press seams open or to the Fabric A side. (*fig. 1*) Moving forward, these will be referred to as Unit A.

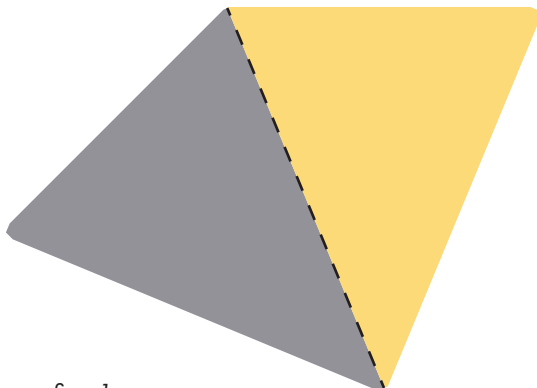

fig. 1

Moving forward, these will be referred to as Unit A.

Because each block is unique in color placement, it is recommended to construct each block individually from this point forward.

Referring to the *Quilt Assembly Diagram* (page 5), sew two Unit A pieces RST along a long side, matching Fabric A pieces to Fabric B-H pieces, creating half-blocks. (fig. 2)

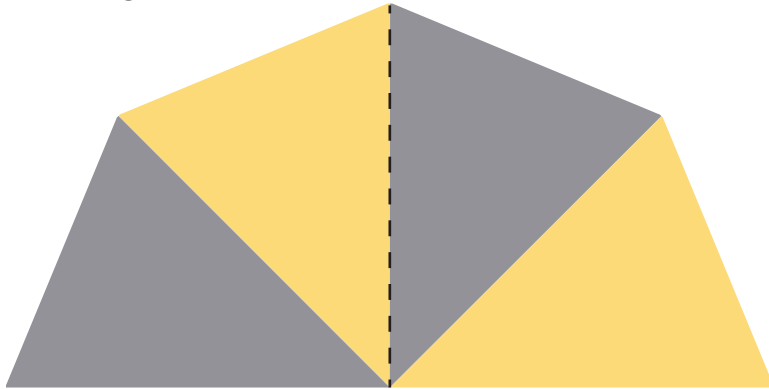

fig. 2

Press seams open.

Sew two half-blocks together, pinning to match points at the center of the block. (fig. 3)

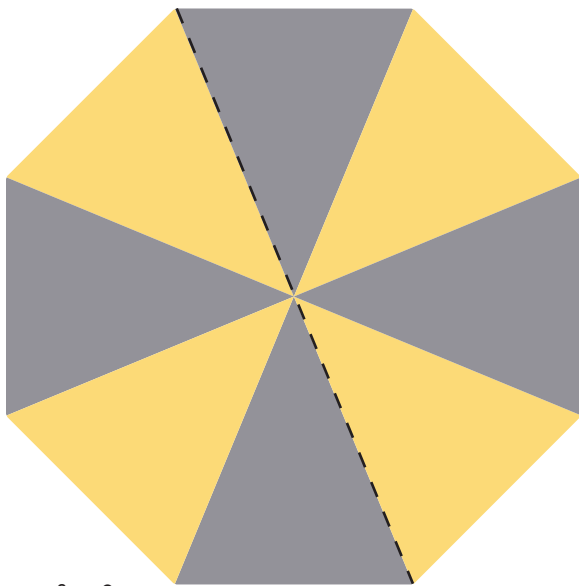

fig. 3

Press seam open.

Sew one Fabric A Template B piece to each of the four corners of the block.

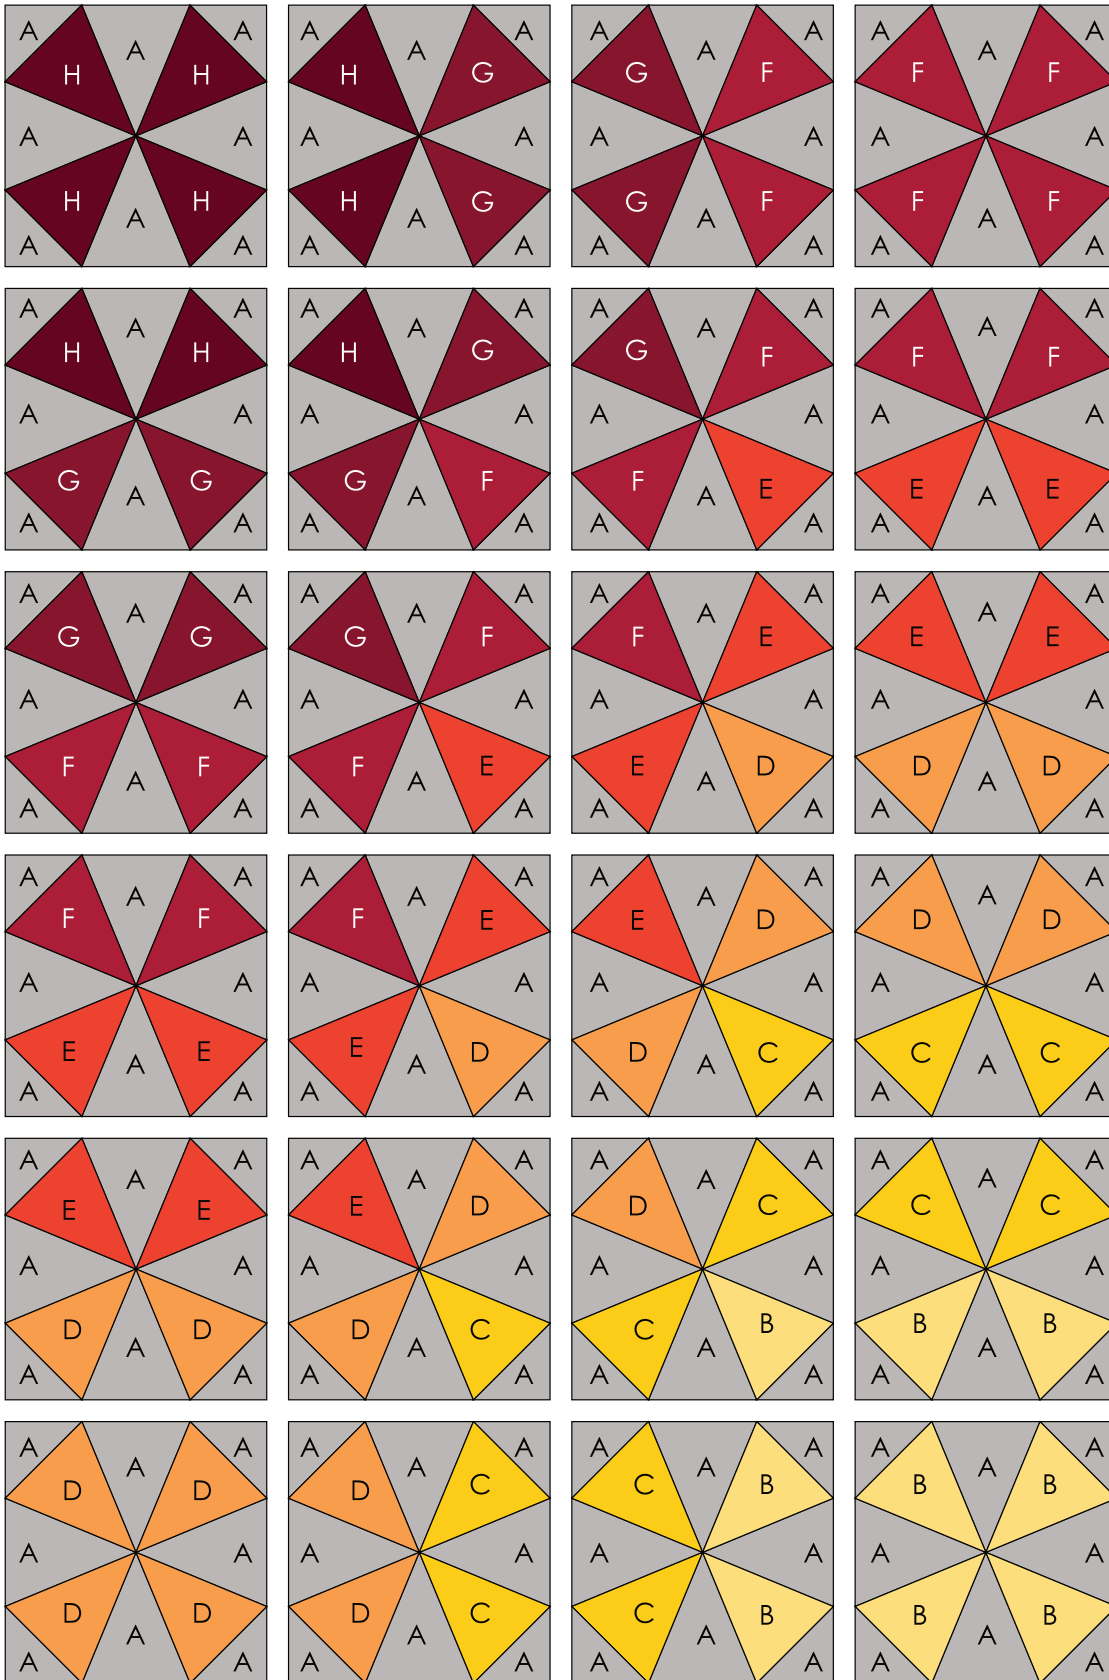

fig. 3

Press seams to the Template B.

Repeat this process to create twenty four blocks, paying careful attention to fabric placement for Fabrics B-H.

### Assemble the Quilt

Quilt Assembly Diagram

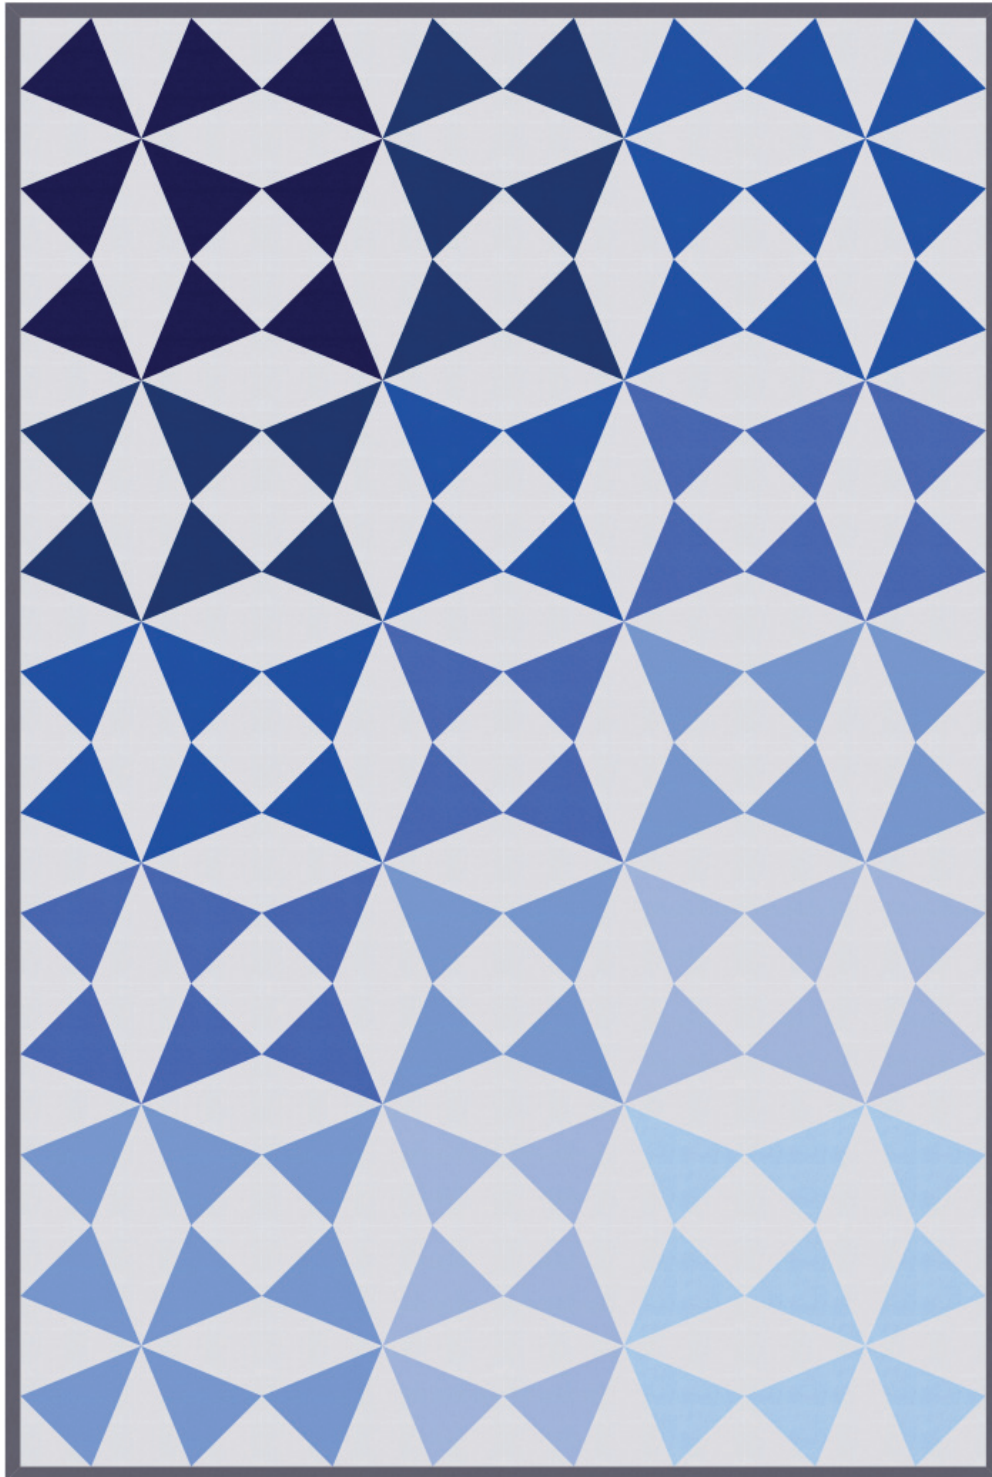

Referring to the *Quilt Assembly Diagram* (page 5), arrange the blocks into six rows of four blocks each. Confirm correct color placements before sewing blocks into rows.

Sew blocks into rows, pressing seams to the left in odd numbered rows and to the right in even numbered rows.

Sew rows together, nesting seams. Press seams open.

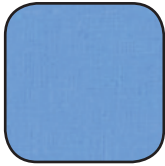

Your quilt top is complete. Baste, quilt, bind and enjoy!
