Finished quilt measures 44" x 55"

## Notes Before You Begin

- Use standard 1/4" seams.
- Please read through all of the instructions before beginning.
- Remember to measure twice, cut once!
- You will be sewing on the bias. Be careful not to stretch your fabric as you sew.

## Sewing Instructions

Place one black and one white triangle together and sew along the diagonal edge.

Press flat, with seams towards black fabric.

Square up (if necessary) to 6".

Refer to diagram below and sew HST's into rows.

*Tip: After you sew a row, press all seams in one direction. Press the next row in the opposite direction and continue to alternate with each row. This will help your seams "nest" and match up perfectly when you sew your rows together.*

Next, sew the rows together to make your quilt top.

Your top is complete!

Baste, quilt, bind and enjoy!!

You can use any two HST packs to complete this geo-fantastic quilt!
