Notes Before You Begin

- Read through all of the instructions before beginning.
- All of the seam allowances are 1/4" unless otherwise noted.
- Press seam allowances open unless otherwise noted.
- Width of fabric (WOF) is equal to at least 40" wide.
- Right sides together has been abbreviated to RST
- Remember to measure twice and cut once!

Cutting Instructions

From each of Fabrics A and B, cut:

- six 2" x WOF strips. Subcut:
 - one hundred twenty 2" squares
- six 2" x WOF strips. Subcut:
 - one hundred eighty 2" Easy Angle triangles

From Fabric C, cut:

- thirteen 2" x WOF strips. Subcut:
 - forty-nine 2" x 9-1/2" sashing strips

From each of Fabrics D-R, cut:

- two 3-1/2" x 21" strips. Subcut:
 - ten 3-1/2" squares
- two 2" x 21" strips. Subcut:
 - eight 2" squares
 - sixteen Easy Angle triangles

From Fabric S, cut:

- five 2" x WOF strips. Subcut:

twenty 2" squares for cornerstones
 one hundred-twenty 2" Easy Angle triangles
 six 2" x WOF strips for the inner border

From Fabric T, cut:

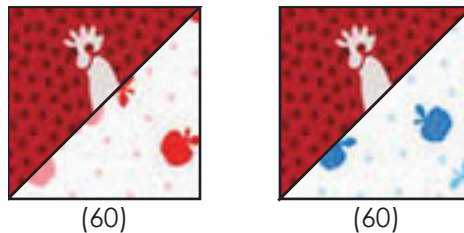

three 6-1/2" x WOF strips for the top and bottom borders
 two 6-1/2" x 78" strips, cut lengthwise, for side borders

From Fabric U, cut:

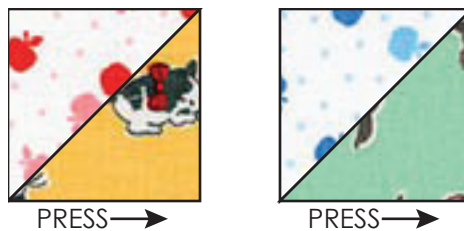

seven 2-1/4" x WOF strips for binding

Assembling the Blocks

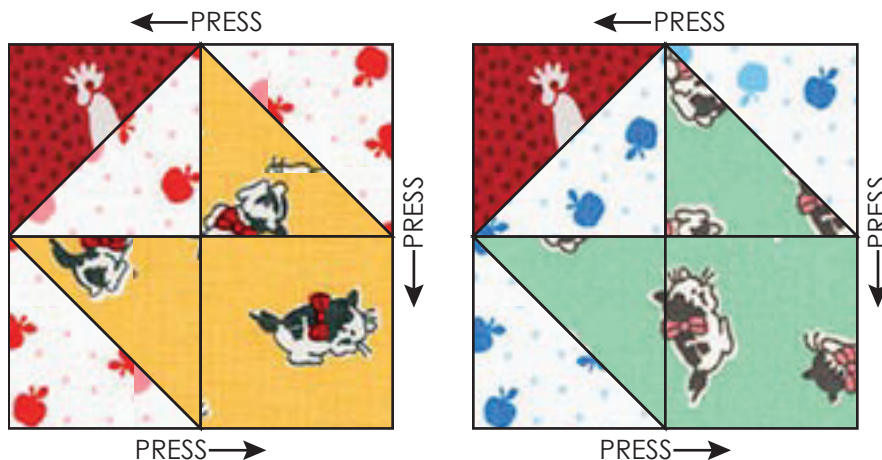

Step 1 Place the Fabric S and the Fabric A triangles right sides together and sew on the diagonal edge. Press toward the red triangle. Make sixty. At this point the squares should measure 2". Sew an additional sixty triangle-squares using Fabric S and Fabric B triangles.

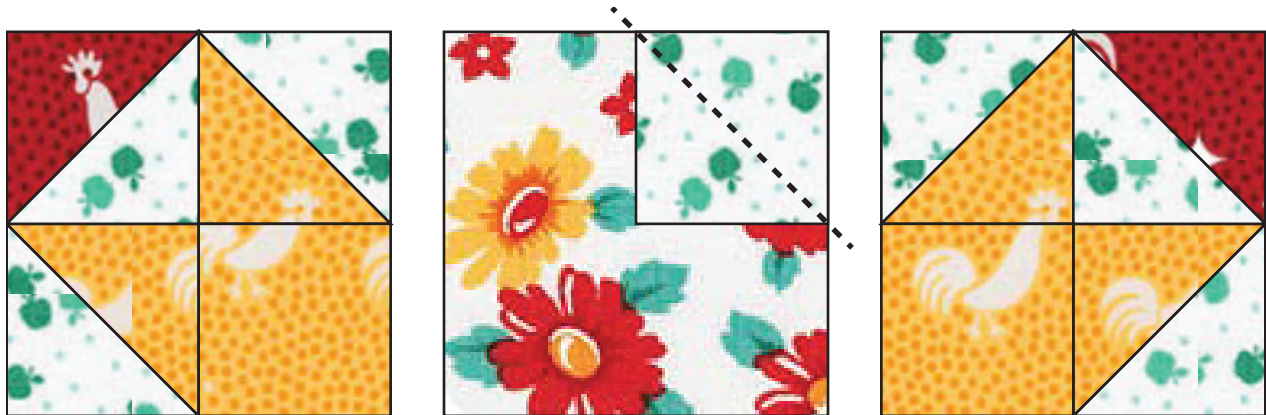

Step 2 Using the remaining Fabric A and B triangles and the print triangles cut from Fabrics D-R, sew sixteen triangle squares from each of the fifteen prints. Press toward the darker print. The triangle-squares should measure 2".

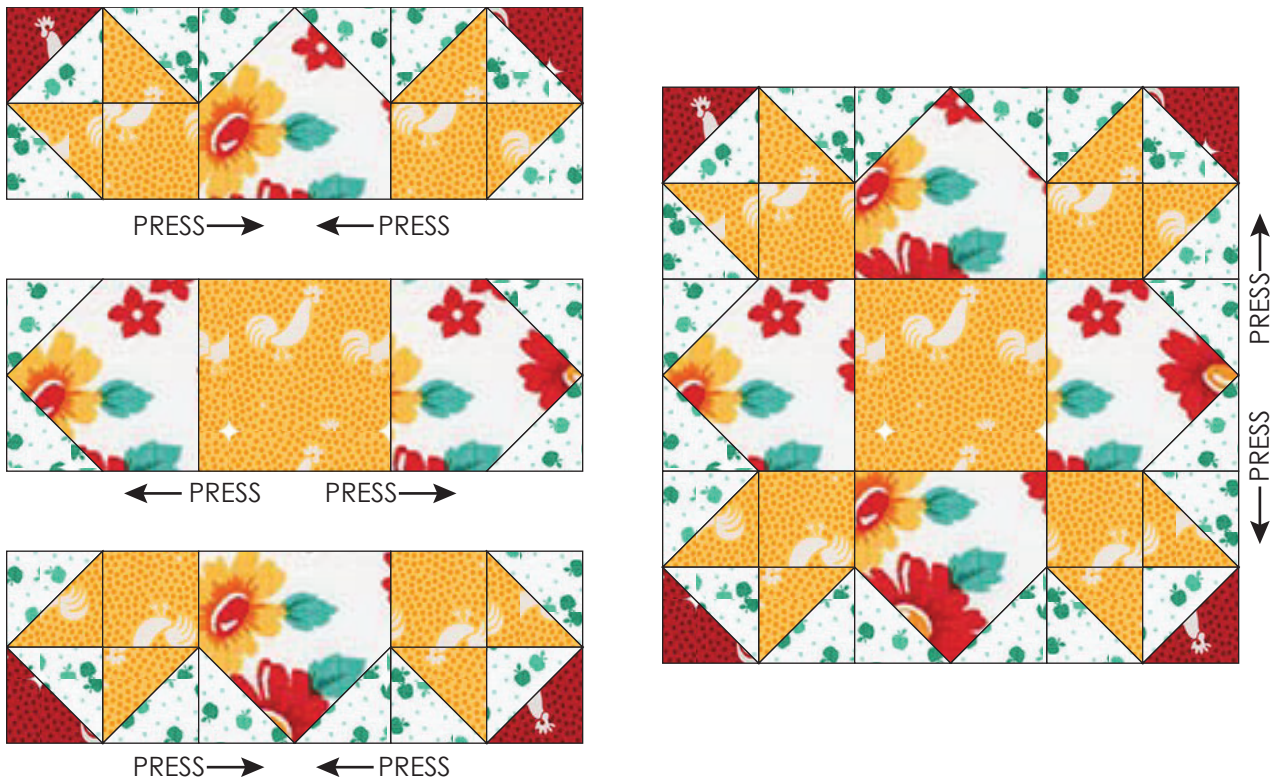

Step 3 Sew eight corner units using two of the units from Step 2, one unit from Step 1 and a matching 2" print square. Repeat to make one hundred twenty units. Press. At this point the units should measure 3-1/2" square.

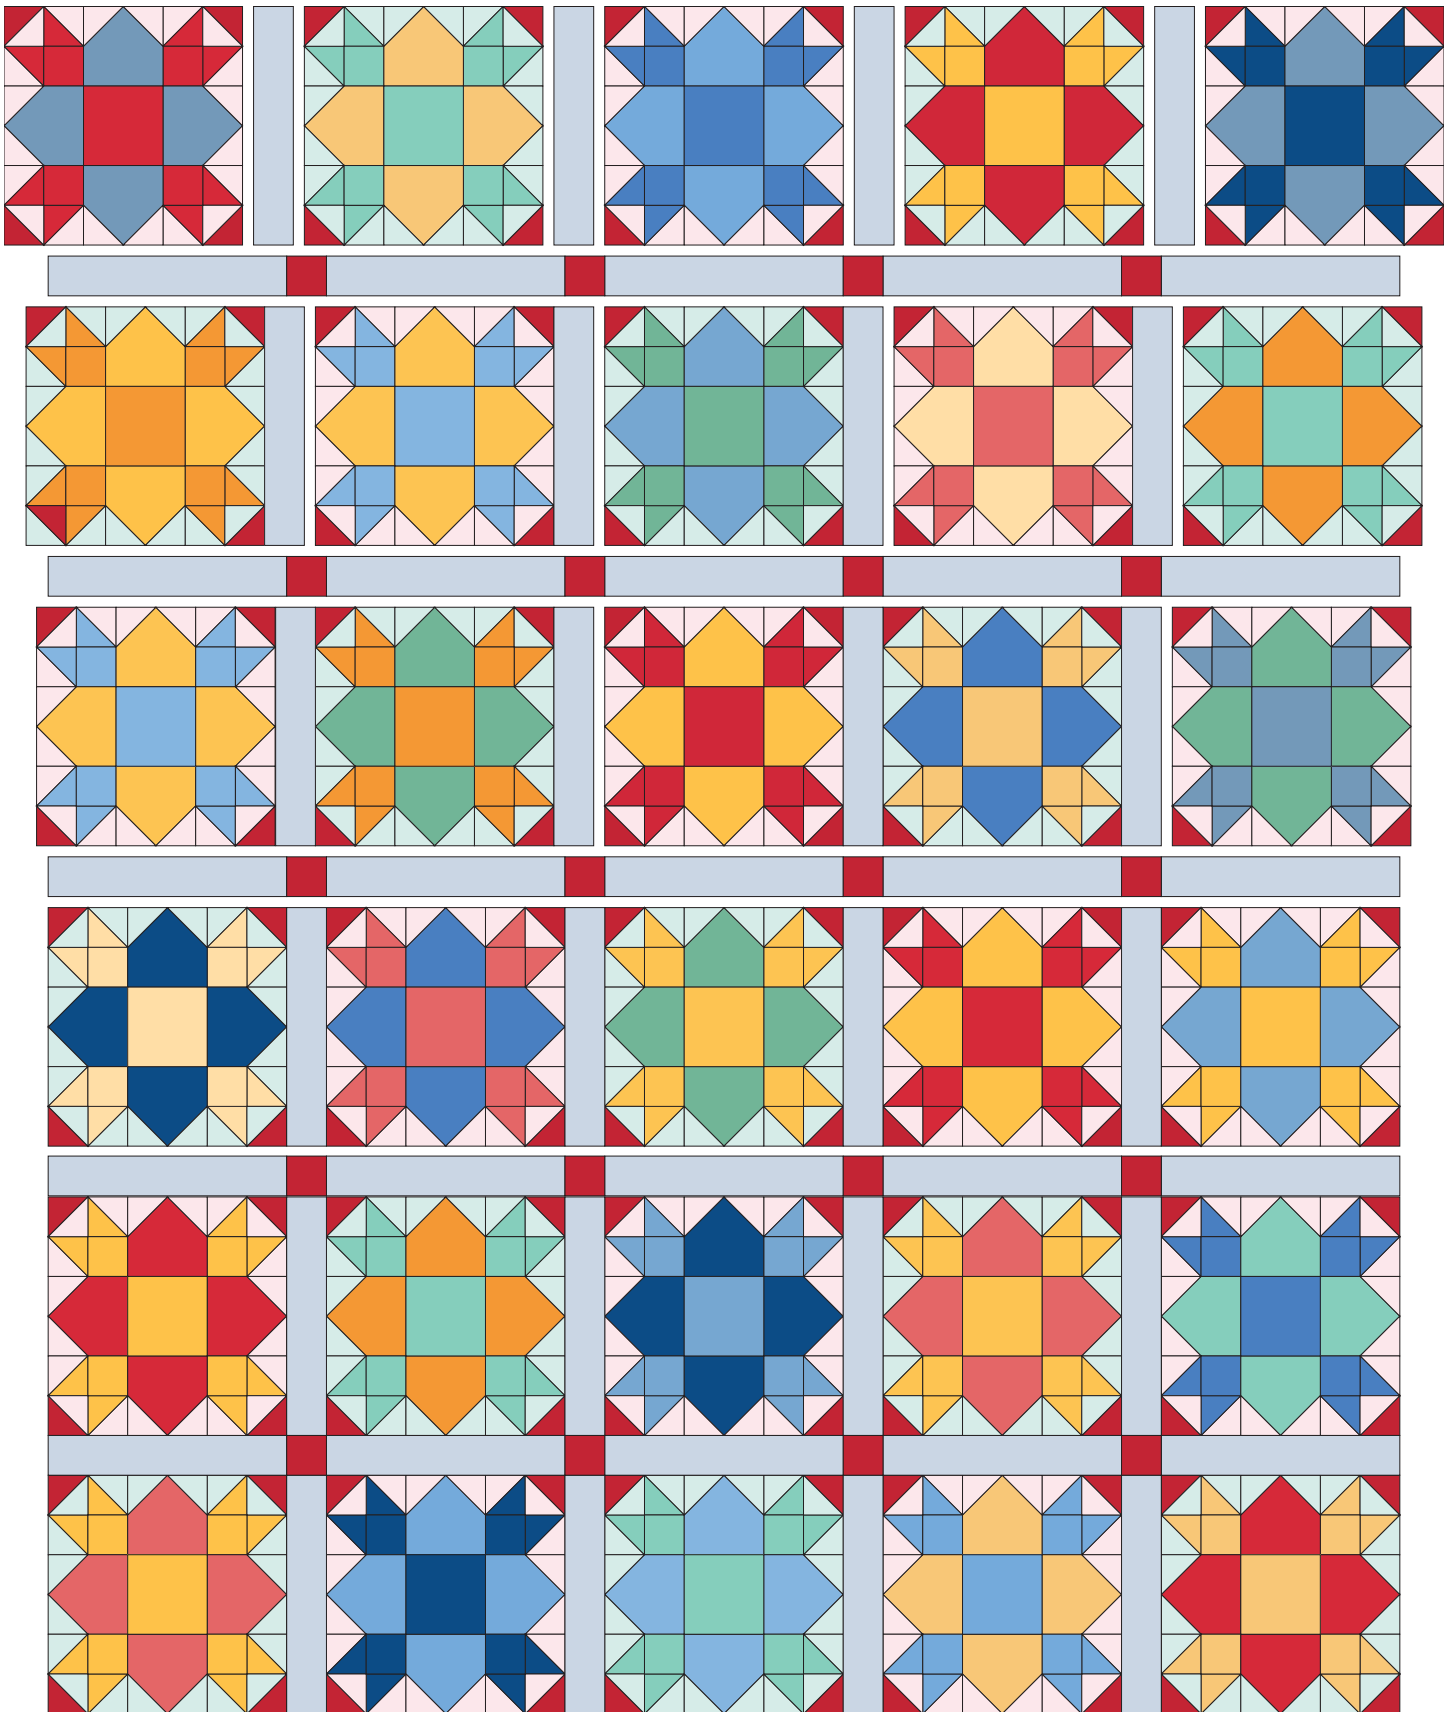

Step 4 Choose four identical corner units from Step 3 and four contrasting 3-1/2" squares to make a block. Using the 2" apple print squares that match the corner units, place one square on the corner of the contrasting 3-1/2" square. Sew on the diagonal, trim the seam allowance to 1/4" and press toward the apple print triangle. Repeat on an adjacent corner. Repeat to make four identical units.

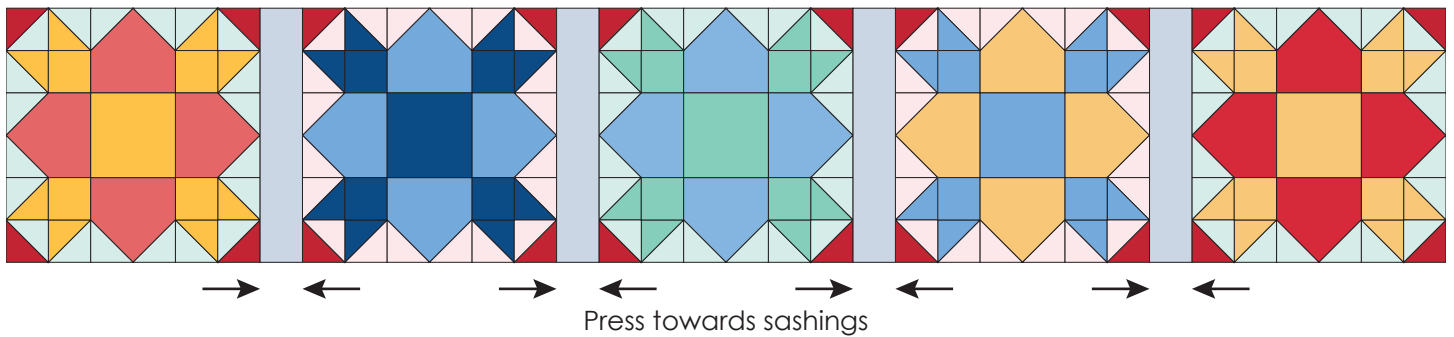

Step 5 Using the Step 3 and 4 units, and a 3-1/2" square to match the corners, assemble a block. Press as shown. The block should measure 9-1/2" at this point. Repeat to make a total of thirty blocks; fifteen with the Fabric A background and fifteen with the Fabric B background.

Assembling the Quilt

Step 1 Arrange the blocks in six rows of five blocks. Sew the 2" x 9-1/2" sashings between the blocks in each row. Press toward the sashing.

Step 2 Sew five sashing strips and four cornerstones end to end to make a horizontal sashing row. Make five rows. Press toward the sashing strips.

Step 3 Sew the block rows and horizontal sashing rows together to complete the quilt top. Press toward the horizontal sashing rows.

Adding the Borders

Step 1 Piece, measure and trim two 2" borders the width of the quilt. Sew to the top and bottom of the quilt top, pressing toward the borders.

Step 2 Piece, measure and trim two 2" borders the length of the quilt. Sew to the sides of the quilt, pressing toward the borders.

Step 3 Repeat this procedure for the barn panel outer borders. Press toward the borders.

Finishing the Quilt

Step 1 Layer, baste and quilt as desired.

Step 2 Before binding, hand or machine baste a scant $\frac{1}{4}$ " from the edge of the quilt to keep the layers from shifting.

Step 3 Sew the binding strips together with diagonal seams pressed open. Fold the binding in half, wrong sides together and press to make a double binding. Sew the binding to the quilt with a $\frac{1}{4}$ " seam allowance, mitering the corners.

Step 4 Add a label to the back of your quilt!
