All seams are 1/4” – All strips are cut the width of the fabric (carefully trim all selvages) – Please read the entire pattern carefully before you begin.

**Block A Construction** (Use the photo for color placement)

Sew a 3-7/8” fabric 1 triangle to opposite sides of a 9” square. Apply a circle to the center of each block. (see easy circle appliqué instructions)

**Block B Construction** (Use the photo for color placement)

Sew a 3-7/8” fabric 2, group 1 triangle to the top left and bottom right sides of a 9” square. (make sure the directional design is running vertically) Sew a 3-7/8” fabric 1, group 2 triangle to the top right and bottom left sides of the square. Apply a circle to the center of each block. (see easy circle appliqué instructions)

Using the photo as a guide, layout blocks in 4 rows of 3 blocks each. Sew blocks in rows first, and then sew rows together.

**1st Border** (If your measurements are different, use your measurements)

Cut 2 of the 1-1/2” wide fabric 13 strips down to measure 1-1/2” x 36-1/2”, and sew to the top and bottom of the quilt. Cut 1 of the 1-1/2” x 42” strips in half to make 2 strips 1-1/2” x 21”. Sew a 1-1/2” x 21” strip end-to-end to a 1-1/2” x 42” strip. Make 2. Cut down to measure 50-1/2”. Sew to the sides of the quilt.

**2nd Border**

Sew the 2-1/2” wide strips of fabrics 1 - 8 together lengthwise in the sequence shown below. Make 3 sets. Cut into 14 segments 6-1/2” long. Sew 3 segments together to make a border unit. Make 2 border units. Remove the last 5 strips from the end of each border unit. Sew to the top and bottom of the quilt.

For directional fabric cut 6 squares from top right to bottom left and 6 from top left to bottom right. Keep groups separate placing them in separate labeled bags. Cut squares one at a time if stacking. Ensure all fabric is right side up. Cut 2 strips 2-1/2” wide.

**Easy Appliqué Circles:** To make appliqué circles, cut a lightweight cardboard template to the actual size. Lay the template on the wrong side of the fabric and draw around it. Cut 3/8” away from the drawn line. Sew a running stitch 1/8” away from the line. Replace the template, and pull the running stitch to gather the fabric around the template. Spray with spray starch, press and carefully remove the template.

**Geometric Color Theory**

Quilt Designed By: Margrit Hall
Quilt: 50” x 62”
Finished Block: 12” x 12”
