Selvage Edge

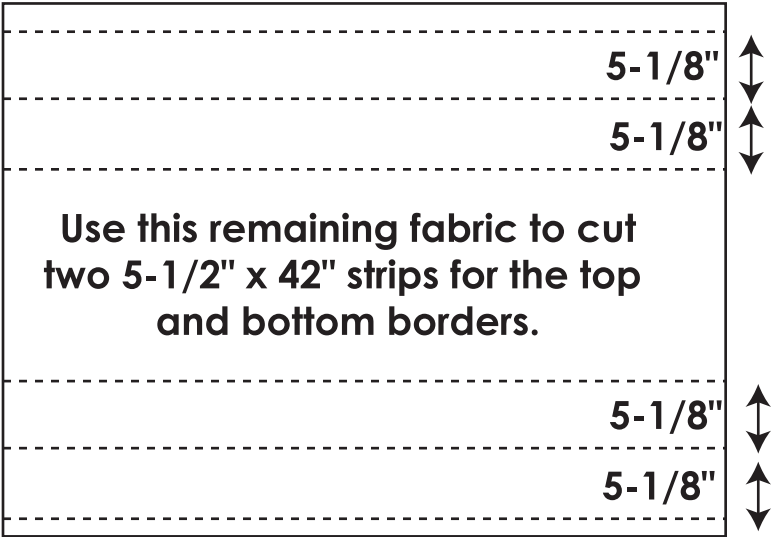

Fig. 1

Template Instructions:

- 1) Trace Template One (T-1) and Template Two (T-2), *including the horizontal line*, onto template plastic and cut out on the drawn lines. To check if you are accurate, each side of the triangle should measure 5-7/8" from corner to corner with 60° angles on each corner.
- 2) Copy and print (22) copies of Template Three (T-3) and Template Four (T-4) to use for paper piecing.
- 3) Copy and print (24) copies of Template Five (T-5) to use for paper piecing.

Assembly Instructions:

- 4) To cut the medallion triangles from the Fabric A, trim 1" from each selvage edge of Fabric A (see fig. 1). Cut (2) 5-1/8" x LOF strip from each selvage edge. Find one repeat point on the strip and use template T-1 to cut one triangle. Cut five more triangles using the same reference point and template T-1 for one medallion set. Repeat to cut a second medallion set from the strip. Repeat with the remaining (3) 5-1/8" border print Fabric A strips. Lay out each set (you have eight) and select the (5) best medallion sets for the quilt. Set aside these (5) medallion sets. **NOTE: See pillow pattern for other uses for the remaining medallion sets.**
- 5) Sew (1) 2-3/4" Fabric C strip to the top of (1) 3-1/2" x LOF Fabric F strip to make one strip set. Repeat to make (4) strip sets. Using Template 2, align the horizontal line on the template with the sewn seam on the strip set and cut (6) template T-2 triangles with a Fabric F strip on the wide bottom of the triangle.
- 6) Refer to the sheet for templates 3 and 4 fabric placement and use your favorite method of paper (foundation) piecing to complete (22) triangles of each template 3 and template 4. **TIP: Make sure to shorten your stitch length when sewing the fabric to the paper template in order to make it easier to tear the paper away. Set aside the completed fabric triangles from templates T-3 and T-4.**
- 7) Refer to the sheet for template 5 for fabric placement and use your favorite method of paper (foundation) piecing to complete (24) triangles of template 5. **TIP: Shorten your stitch length when sewing the fabric to the paper template to make it easier to tear the paper away.**
- 8) Refer to the quilt photo for the layout and sew together the top row of triangles. Repeat to sew together the bottom row of triangles. Trim the two end triangles on each row in half, leaving a 1/4" seam allowance. Measure the rows and trim the 1-1/2" x 42" Fabric D strips and (2) 5-1/2" x 42" Fabric A strips to make the width of the triangles rows.
- 9) Refer to the quilt photo for row orientation and sew (1) Fabric D strip & (1) Fabric A strip to each row of sewn triangles to make the top and bottom borders.
- 10) Refer to the quilt photo to layout the (8) middle rows of triangles. **NOTE: You will trim the end triangles in half after the quilt top is sewn together.** Sew the triangles together into horizontal rows. Sew the rows together to make the quilt top.
- 11) Trim the end triangles in half, leaving a 1/4" seam allowance to square up the quilt top.
- 12) Sew the top and bottom borders from Step 9 to the quilt top to complete.
- 13) Layer, quilt and bind as desired.
