Assembly Instructions

Step 1: Make Drunkard's Path Blocks

- Sew the Template 1 quarter circles to the Template 1 background pieces (see **Sewing Curves** below). Press seam allowances toward the background. Yield forty blocks.
- Sew the Template 2 quarter circles to the Template 2 background pieces. Press seam allowances toward the background. Yield forty blocks.

Sewing Curves

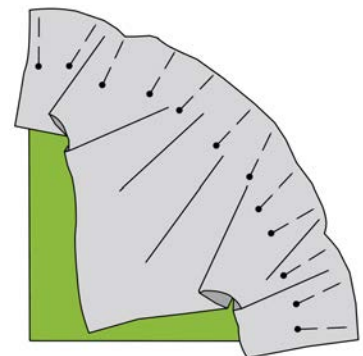

1.

Fold the quarter circle and background piece in half to find the centers and pin with right sides together.

2.

Pin each end, keeping the edges aligned.

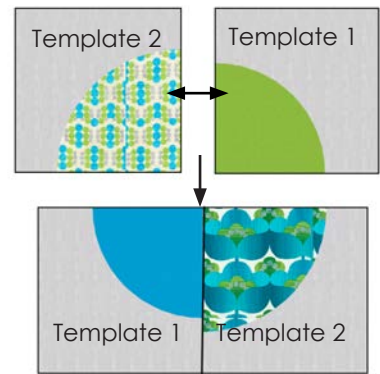

3.

Pin together generously and ease the fabric together.

Slowly sew along the curved edge, removing pins as you go.

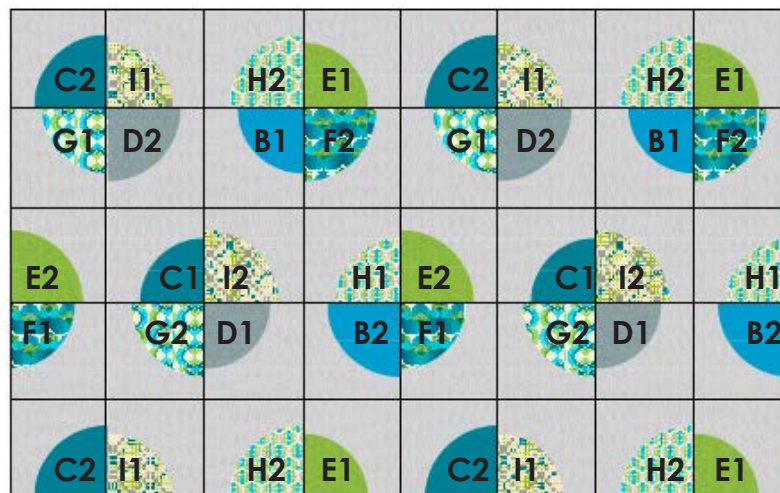

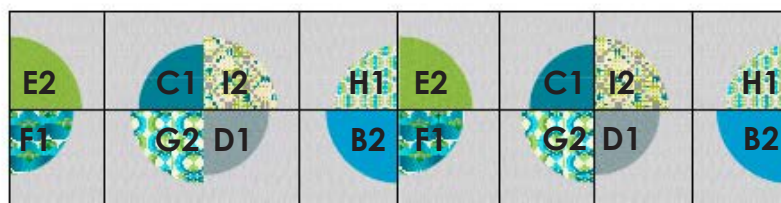

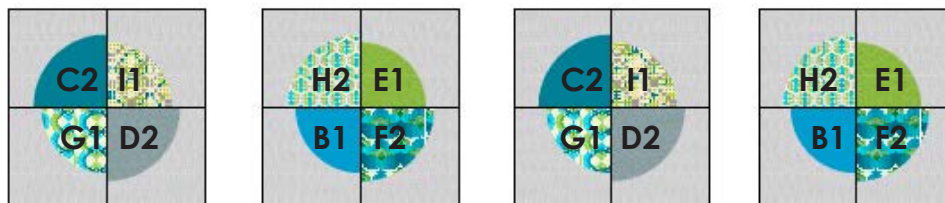

Step 2: Make Circle Blocks

- Refer to the assembly diagram below for fabric placement and sew four Drunkard's Path blocks together to make a larger circle block. You will be using two Template 1 blocks and two Template 2 blocks,
- Repeat to yield fourteen circle blocks, eleven half circle blocks and the remaining two Drunkard's Path blocks are quarter circle blocks.

Step 3: Assemble the Quilt

- Refer to the diagram below to assemble the quilt. Assemble into blocks (as per Step 2), sew the blocks into rows and then sew the rows together to complete the quilt top.
The letter refers to the fabric and the number refers to the template.

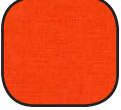

Baste, quilt, bind and enjoy!
