Assembly Instructions

Prepare the Center Panel

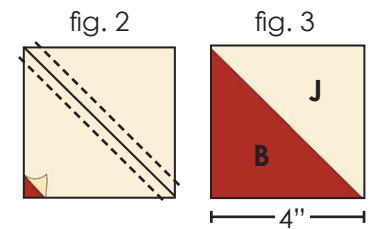

1. Sew the Fabric D 2" strips to the top, bottom and sides of the Panel, trimming the excess length as you go.
2. Measure the width and height of the pieced unit and trim each side, so that it measures 25-1/2" x 45-1/2" (fig. 1).

Note: the side strips will most likely be wider than the top and bottom strips, once trimmed.

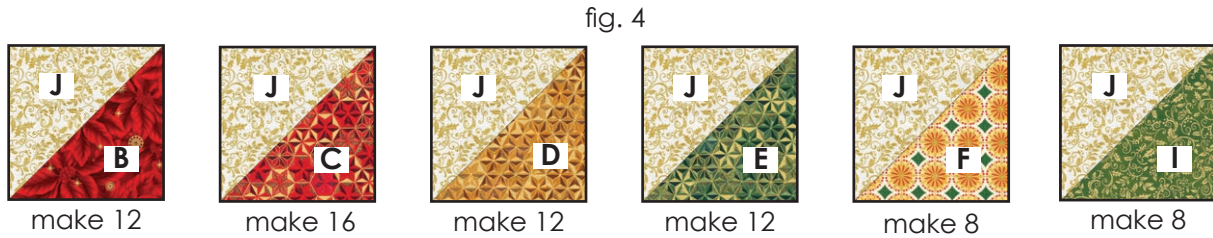

Make the HSTs

1. Place a Fabric J 4-1/2" square right sides together on a Fabric B 4-1/2" square. Draw a line diagonally from corner to corner and sew a scant 1/4" from either side of the line (fig. 2). Cut along the drawn line and press the HSTs open and flat (fig. 3). You will now have two J/B HSTs. Trim to 4" x 4", if needed.

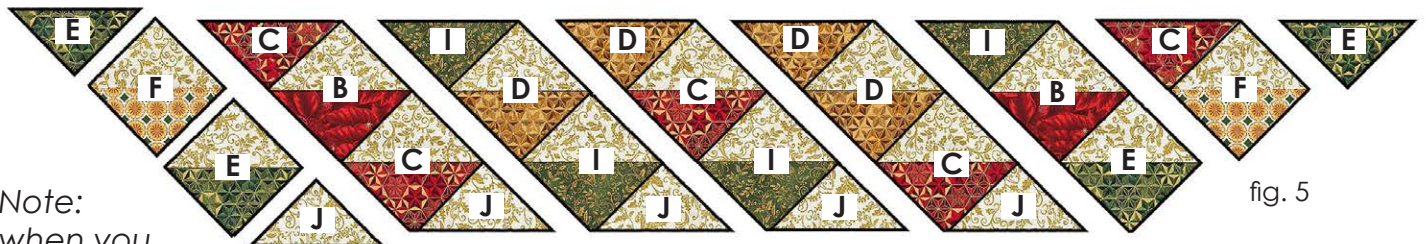

- Repeat to make the following number of HSTs (fig. 4):

Assemble the HST Borders

1. Sew the Top HST border together as pictured (fig. 5). You will sew the diagonal rows first using two HSTs and two triangles and then sew the rows together. Repeat to make a Bottom HST borders (fig. 6).

Note: when you sew the HSTs and triangles together, the points of the triangles will hang off the edge of the seam a bit.

2. Sew the Right HST border together as pictured (fig. 7). You will sew the diagonal rows first using two HSTs and two triangles and then sew the rows together. Repeat to make a Left HST border (fig. 8).

Trim seam allowance and flip and press Fabric B flat (fig. 10). Repeat with a Fabric C square lined up with the right edge of the rectangle (fig. 11). Trim the flying geese to 2-1/2" x 4-1/2", if necessary (fig. 12).
