## Assemble the Blocks

*Note: This sample shows the first block. The remaining blocks are made with the same construction method, but use different fabrics. Refer to the Quilt Assembly Diagram for fabric placement. Consider checking off each block in the diagram as you complete it!*

### Step 1: Gather:

- Two Fabric A/Template 1 pieces
- Three Fabric A/Template 2 pieces
- Two Fabric D/Template 1 pieces
- One Fabric B/Template 2 piece
- One Fabric C/square (referred to in the instructions as the center square)

Arrange as shown in the Block Assembly Diagram. Sew two Template 2 units to opposite edges of the center square. Press.

*Block Assembly Diagram*

**Step 2:** The pieces that remain will be in two sets of three. Sew the three pieces together (one Template 1 piece sewn to each side of a Template 2 piece) to form a corner unit.

Match and pin the straight edges at the ends, then pin once or twice between the ends. Sew. Clip the seam allowance around the curve, if needed, taking care not to clip the stitches. Press the seam to one side.

**Step 3:** Match a Step 2 unit to the curved edge of the Step 1 unit.

Match and pin the straight edges at the ends and at the center square seams, then pin once or twice in between. Sew. Clip the seam allowance around the curve, if needed, taking care not to clip the stitches. Press the seam to one side. Repeat with the remaining Step 2 unit.

The resulting block should measure 10-1/2" square.

Repeat Steps 1-3 to make the remaining blocks.

## Assemble the Quilt

**Step 4:** Arrange the blocks into nine rows of seven blocks. Note the fabric placement and block orientation in the Quilt Assembly Diagram.

**Step 5:** Sew the blocks together to form rows. Press the rows to the left in the odd numbered rows and to the right in the even numbered rows.

**Step 6:** Sew the rows together to form the quilt center. Press the row seams open.

Your quilt top is complete! Baste, quilt, bind and enjoy!
